

Evening 'Real English' Course

The English Language Centre now offers an Evening course especially for non-native English speakers living in York who want to brush up on their everyday English. This course combines speaking, listening and writing with a particular focus on vocabulary for real-life situations. The aim is for students to practise the kinds of skills that they will need to communicate in the real world. It is aimed at students from pre-intermediate level upwards.

Our Evening course takes place from 15th April to 17th June 2010 (10 weeks). The classes are held on Thursday evenings, 6-8pm. The lessons cost £100 for the full 10-week course. All learning materials will be provided.

Please note that students must provide an ID card or valid passport and visa (if required) in order to enrol.
